The Series 300B extra heavy duty shelving features a 3/4" particle or laminate board decking.

The Series 300B boltless design provides for easy assembly without nuts, bolts or shelf clips. No cross braces are necessary which makes these units accessible from all four sides. Available in a variety of sizes and capacities to meet your specific shelving requirements. Units come standard with three shelves. Extra shelves available priced to the right. Steel color: Powder coated gray.

- Shelves are adjustable in 1 1/2" increments.
- Easy to assemble. Accessible from all four sides.
- Individual units connect using interlocking Tie Plate. Tie Plates sold separately (see page 13).
- Units priced to the right are for 7' height, but can be ordered in heights ranging from 3' to 12'.

Particle Board Decking

- 3/4" Particle board
- Low cost durable decking
- Extra Heavy load capacity

3B3-6036-84W

Laminated Decking

- 3/4" Durable laminated particle board
- Smooth shelf surface
- White surface improves appearance

3B3-7236-84LH

Series 100B standard duty shelving features 1/2" decking.

An attractive and low cost solution for medium to heavy load applications. Our newly designed Double Rivet Z-Beam allows the decking to sit below the lip of the beam for a more attractive look. Customize your units by adding extra shelves. Units priced at 7' high with either particle board decking, laminated decking, or wire mesh decking. Steel color: Powder coated gray.

- Shelves are adjustable in 1 1/2" increments.
- Easy to assemble. Accessible from all four sides.
- Individual units connect using interlocking Tie Plate. Tie Plates sold separately (see page 13).
- Units priced below are for 7' height, but can be ordered in heights ranging from 3' to 12'.

1B3-4824-84W

Particle Board Decking

- Low cost durable decking
- Standard load capacity

Laminated Decking

- Durable laminated particle board
- Smooth shelf surface
- White surface improves appearance

Wire Mesh Decking

- Improves ventilation
- Reduces dust build up
- Black powder coated finish
- 3/4" x 5" openings between wire

The Series 300A extra heavy duty shelving features a 3/4" particle or laminate board decking.

The Series 300A industrial grade shelving utilizes low profile beams to provide more storage space between shelves. Double Rivet Beams at top and bottom of unit form a rigid structure without the use of troublesome crossbars. Available with your choice of either particle board decking or laminated decking. Steel color: Powder coated gray.

- Shelves are adjustable in 1 1/2" increments.
- Easy to assemble. Accessible from all four sides.
- Individual units connect using interlocking Tie Plate. Tie Plates sold separately (see page 13).
- Units priced below are for 7' height, but can be ordered in heights ranging from 3' to 12'.

Particle Board Decking

- Low cost durable decking
- Extra Heavy load capacity

Series 100A standard duty shelving.

Shelving features our Double Rivet Z-Beam on the top and bottom shelves which provides for a more attractive look because the decking rests inside the beam. This industrial grade shelving is designed for medium to light duty applications and is an excellent alternative to traditional all steel shelving and standard boltless shelving. Shelves are adjustable in 1 1/2" increments. Steel color: Powder coated gray. Units priced below are for 7' height, but can be ordered in heights ranging from 3' to 12'.

Series 100AE

Particle Board Decking

- Low cost durable decking
- Heavy load capacity

Series 100AE & 100BE boltless shelving

These attractive units feature our patented design that allows 6mm thick medium duty into a groove in the post. This revolutionary design offers an inexpensive way to pre-back or sides on the shelves. Sides install in seconds without the need of nuts or profile beams to optimize the space between the shelves. Series 100AE units come where a higher shelf capacity is needed. The Series 100BE come standard with three shelves. Steel color is deluxe powder coated speckled gray finish. Siding color is light

Laminated Decking

- ½" Durable laminated particle board
- Smooth shelf surface
- White surface improves appearance

Wire Mesh Decking

- Reduces dust build up
- Features a black powder coat finish
- 2" x 4" openings

Featuring a split post design that allows you to economically create the storage system or workcenter you need. Unit is a completely packaged set that is easy for shipment. Units are 72" high or split into separate 36" high units to create instant counters or workbenches. Assembles in minutes without nuts, bolts or shelf clips. Unit features 5 shelves. Unit capacity: 4,000 lbs. Steel Color: Powder coated gray.

Particle Board Decking

- Low cost durable decking
- Regular load capacity 1/2" thick

Laminated Decking

- Durable Laminated particle board
- Smooth shelf surface
- White surface improves appearance

Wire Mesh Decking

- Improves ventilation & reduces dust build up
- Black powder coated finish
- 3/4" x 5" openings between wire

Save time and money with this heavy duty bulk storage shelving. Featuring a newly design upright.

Newly designed heavier duty upright. Tear drop design allows for quick assembly.

FastRak™

Improved Replaceable Safety Clip

Complete Starter Kits & Add-On Units Available! See pages 18-23

Deluxe Footplates

Optional deluxe footplates easily bolt into the FastRak™ upright. Foot plates allow the FastRak™ to be anchored into concrete for additional safety or permanent placement. Color: Green

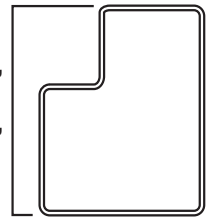

Description		
Footplate	CUCF01	\$6.34

Units feature a teardrop design that provides for a quick and easy assembly.

Featuring a newly designed heavier duty upright with detachable deluxe foot plates sold separately. Design allows for easier shipment while still providing up to 7,000 lbs. capacity per upright. Units feature a teardrop design that provides quick/easy assembly, as well as the functionality of sharing a common upright between units. Beams are adjustable in 1½" increments. Uprights can be ordered assembled or un-assembled. Upright color: Green.

2" or 3"

High capacity beams provide exceptional strength at a reasonable price.

Built-in safety lock at end of beams helps prevent beams from accidentally getting knocked off uprights. Beam length is measured by clear span between uprights. Beam color: Orange.

These mobile wire carts are constructed to the highest quality standards and features attractive chrome plating.

This shelving unit adjusts and expands easily to cater to all storage needs. The open wire construction reduces dust build up and allows air and light penetration. Easy slide-off shelf surface permits full access to inventory. These shelving units are easily assembled, adjust without tools and align at 1" increments. These NSF approved units are a proven favorite for dry storage and display use because they're maintenance free, discourage dust build-up and maximize visibility. Units priced with 4 shelves. Cart capacity: 600 lbs.

WBS4-1860-63

Our black powder coated wire shelving is made to the same high quality standards as our chrome wire shelving, but substantially less expensive.

Durable powder coated finish is rust and chip resistant. Wire shelving is highly attractive and functional. Wire design reduces dust build-up, improves visibility and increases sprinkler effectiveness. In addition, wire shelving is very easy to assemble. Units can be assembled in less than 10 minutes. Shelves are fully adjustable in 1" increments. Posts include adjustable feet to accommodate uneven floors. Units are available in three heights (63", 74" or 86") and include four shelves per unit.

Customize your wire shelving units and add valuable storage.

Made with a hard, durable plated finish that is attractive enough for retail display, but withstands warehouse conditions as well. Shelves are easily height adjustable on posts without unit disassembly using 4 plastic snap-on sleeves (included). Reinforced truss perimeter offer's extra strength and greater shelf capacity. Open wire shelf helps minimize dust accumulation.

Improved Replaceable Safety Clip

- Allows easy replacement of damaged clips

Popular Tear Drop Design

- Insures interchangeability with most major pallet rack manufacturers: Interlake (Original Style), Space Rack, USP, Steel King, and Husky

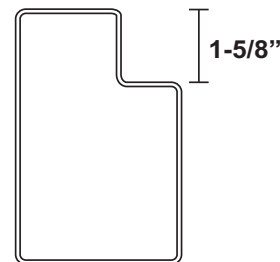

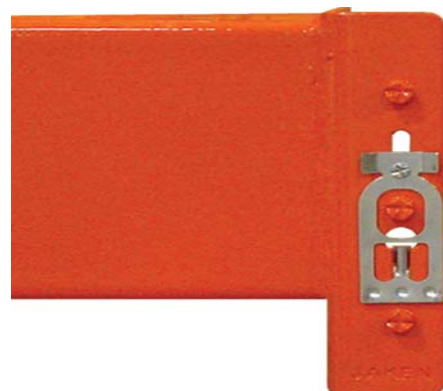

As Low As
391.06

Our Regular Duty and Heavy Duty pallet rack now features 3" x 3" columns and 5" x 8" seismic base plates.

Our Step Load Beams feature an improved safety clip.

Deluxe form beams feature an improved safety clip which can be easily replaced and prevents the beam from detaching from the upright. Beams are interchangeable with most major pallet rack manufacturers. Beam length is measured by clear span between uprights. The capacities of the beam are based on an evenly distributed load. Beams are sold individually. Two beams are required to create a shelf. Color: Orange.

PROFILE VIEW

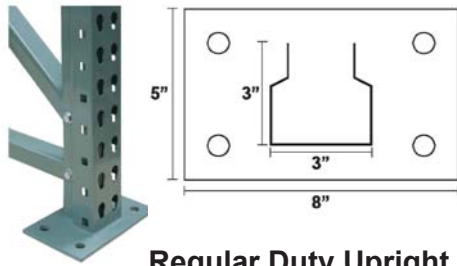

Regular Duty Beams

Height	Length	Shelf Cap.		
4"	8'	4,400	215-IBN40096	\$46.35
4"	9'	3,680	215-IBN40108	55.29
4"	10'	3,020	215-IBN40120	58.75

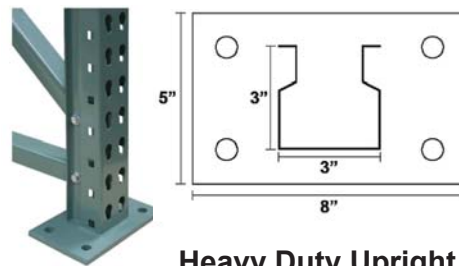

Heavy Duty Beams

5"	8'	6,100	215-IBN50096	\$56.32
5"	9'	5,470	215-IBN50108	60.78
5"	10'	4,690	215-IBN50120	66.47

6"	12'	5,580	215-IBN60144	110.54

The new bolt together design provides a lower cost of ownership because components can be easily replaced when damaged during use, while traditional welded uprights require replacement of the entire upright. Pallet rack beams now feature an improved safety clip which allows for easy replacement of damaged clips. Racks are designed for use with a forklift (or other hydraulic or electrical lift) or for heavy duty hand stacking. Pallet rack uprights, beams, wire mesh decking and accessories are sold separately.

Regular Duty Upright

Heavy Duty Upright

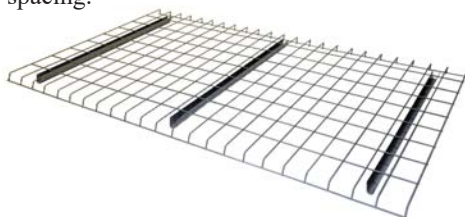

Uprights utilize a bolt together design for easy replacement.

Featuring a new and improved 3" x 3" standard column design and 5" x 8" base plate. Regular duty uprights are constructed of 16 gauge steel with a 16,100 lbs. capacity. Heavy duty uprights feature 14 gauge steel construction with a capacity of 23,300 lbs. (regular and heavy duty capacities based upon 36" maximum shelf spacing). Beams can be adjusted every 2". Uprights priced either assembled or unassembled. Color: Light Green.

CAPACITIES

• **Upright Capacity**

Add the total weight of goods being stored. Do not include goods being placed on floor.

• **Beam Capacity**

Multiply the number of pallets per pair of load beams by the weight of each pallet. Multiply this number by 1.5 to calculate the required beam capacity.

Uprights come pre-assembled, upright assembly included in price listed below

UPRIGHTS

1. Upright Capacity

Calculate upright capacity by adding total weight of goods being stored. Do not include goods being placed on floor.

2. Upright Height

Step #1 Calculate load height by adding height of palletized goods plus 6" for clearance between palletized goods and the beam supporting the next level. Add height of beam (Either 4", 5" or 6").

Step #2 Multiply the sum of Step #1 by the number of load levels. **Note:** Top load height need not be counted in determining upright height.

3. Upright Depth

Deduct 6" from pallet depth to allow 3" pallet overhang front and rear. For example: a 48" deep pallet would require a 42" deep upright.

LOAD BEAMS

1. Beam Length

Multiply pallet width by the number of pallets being stored on each level plus 12" for clearance. For example: two 48" wide pallets would require 108" long beams.

2. Beam Capacity

Determine capacity by multiplying the number of pallets per pair of load beams by the weight of each pallet. Multiply this number by 1.5 to calculate the required beam capacity.

Ideal for storing long products such as bars, pipes, and rods.

Ideal for storing long products such as bars, pipes and rods. Available as either a single or double sided units. All units are 79" tall. Arms are adjustable in 1½" increments. Choose either 12", 18" or 24" arms. Angled arms and welded end-stops provide secure/safe storage of long and/or irregular shaped merchandise. Connect multiple units to provide storage of extra long stock. Units assemble in less than 10 minutes. For your convenience we have priced the units as complete Starter and Add-On units. Alternatively, you can design your own rack by selecting individual components.

Heavy Duty Cantilever Rack

Available with either single sided or double sided bases. Columns are available in 8', 10' or 12' high. Arms are available in 24", 36" or 48". Two bases/columns, one brace set and arms are required to make one free standing starter unit. Additional sections can be added to starter units by purchasing one additional base/column, one brace set and arms. All components are sold individually and are listed below. **FOB Irvine, CA for orders under \$750.**

A. Select Arm

1. Choose Arm Length
2. Choose Arm Capacity based on material requirements.

B. Select Base/Column Size

1. Choose Single or double sided column
2. Choose Column Height
When columns serve as load stops, it is necessary to specify column heights greater than the top loading arms. There is no need to pay for extra column height unless load stops are desired for future expansion.
3. Select appropriate column for arms selected in step A.

C. Select Brace Set

1. Brace set must be installed between each pair of columns.

Arm End-Stops

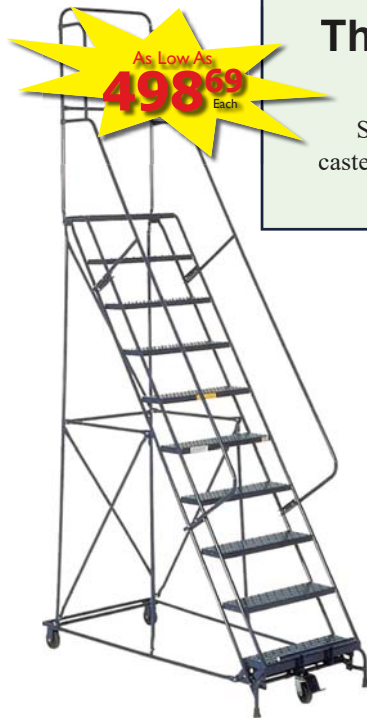

Arm End-Stops (for use with heavy duty arms only) Provide secure/safe storage of long and/or irregular shaped merchandise. End-stops sold separately.

4 Degree Angle
CHAHS01 \$7.95

20 Degree Angle
CHAHS02 \$7.95

These rolling ladders are built with rugged all steel tubing for years of dependable service.

Steps are 7" deep with 14" deep platform. Five step ladders come standard with spring loaded casters, while six step and larger come standard with a positive locking device. All ladders are OSHA approved. Ladders are shipped partially disassembled. **FOB factory for orders under \$750**

230-LH2410

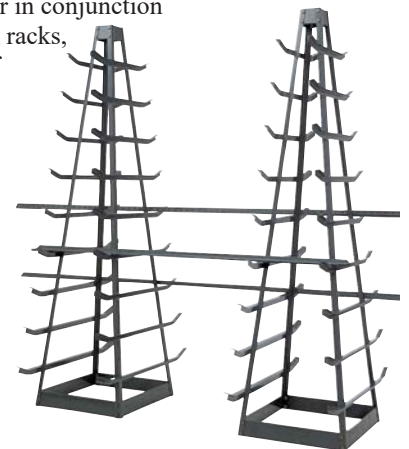

Vertical Stock Rack

Store long pieces of stock vertically, while smaller sizes are kept on pan shelves. High strength tubular steel arms extend 8" from the frame. Pan shelves are spaced 21" apart. The unit's base is 36" wide x 24" deep. Unit is 84" high and has a capacity of 2,000 lbs.

Width	Depth	Height	Capacity		
36"	24"	84"	2,000	235-SRV1	\$249.99

Horizontal Stock Rack

Can be used individually or in conjunction with other horizontal stock racks, depending on the length of the stock to be stored. These units are 84" high x 22" square at bottom and are tapered to 4 1/2" square at top. Angled steel arms are spaced every 8 1/2" and extend 8" from uprights. Arm capacity 100 lbs. Unit Capacity 1,800 lbs.

22"	22"	84"	1,800	235-SRH1	\$249.99

Warehouse

This Cantilever Rack is the ideal wall mounted solution that stores bar stock, lumber and more.

Each cantilever section features 7 arms for highly flexible storage storing 100 lbs. per arm or a unit capacity of 700 lbs. Mount a series of sections along a wall to accommodate storage for extremely long stock. Wall column measures 60"H, three arms measure 15" with a 7/4" clearance, and four 12" arms that feature 9" clearance. Rack features attractive zinc plating finish. Assembles in minutes. Sold in single sections. Minimum 2 sections needed.

215-WMC01 \$80.19

K33S-7218096

The FastRak™ design makes these extra heavy duty units perfect for storing today's larger tires.

Recommended for tires that accommodate 16" and larger rims. 48" W, 72" W, and 96" W units accommodate 6, 9 and 12 tires (estimated) per level respectively. All units are 18" deep. Units feature a newly designed upright that can be disassembled for easier shipment. Optional deluxe foot plates are available for added safety and permanent placement (see page 16).

FastRak™ Reel Racks are super strong and highly versatile.

Heavy duty uprights are completely welded. Beams attach quickly to uprights using popular "tear drop" design and can be adjusted in 1½" increments. Beams also feature a built-in locking clip for added safety. Free standing "Starter Units" include 2 uprights, 3 beams and 3 rods (36" tall units include two rods). Create a row of racks by purchasing "Add-On" units. Customize your rack by purchasing additional rods (1 per level) and brackets (2 brackets are required per level). 1" diameter rod can support up to 350 lbs. per level. Unit capacity is 3,000 lbs.

KB2-7236-W

The FastRak™ workbench utilizes the same heavy-duty components as our popular FastRak™ bulk shelving. Extremely rugged, supporting 1800 lbs. on a 72" wide unit. Worksurface is approximately 36" high. Easy to assemble. Featuring a newly designed heavier duty upright that can be disassembled for easier shipment as well as having the advantage of component replacement in case of damage. Thick 3/4" particle board fits inside step beams and is supported by steel supports to provide an exceptionally strong worksurface. Great for heavy-duty applications including workshops, shipping/receiving and assembly lines. Workbench is available with or without lower shelf. Easy to assemble.

Particle Board Decking

- Low cost durable decking
- Extra Heavy load capacity

Laminated Decking

- Durable laminated particle board
- White surface improves appearance

Premier

Our Premier Workbench features a rugged 1 1/4" Shop Top. Worksurface is approximately 36" High. The heavy duty steel components and extra thick top allow this workbench to support a full 1,000 lbs. Perfect for a wide variety of applications including assembly lines and lab work. Shop Top Color: Brown. Steel Color: Gray.

Chrome Wire Shelving with Plastic Small Parts Bins

Combine looks and function with these high quality chrome bin storage units. Available in a variety of sizes and colors to meet your specific needs and color preferences. Bins are reinforced for added strength and durability. Bin dividers can be added to the bins to separate small parts (see page 44 for pricing). Finger grips on bins allow for easy handling.

Mobile units glide easily on four locking industrial grade 5" casters.

Increase bin functionality with bin cups & dividers (see page 44).

Heavy duty stackable bins are great for storing small parts.

They are virtually unbreakable and are water, rust and corrosion-proof. Ideal for assembly, production, manufacturing or repair areas. Finger grips are provided for ease of handling. Bin fronts have large slotted label area. Bins have reinforced ribs to prevent them from spreading under load. Clear plastic windows are available to increase bin storage capacity while maintaining easy visibility of bin contents. Enhance bin functionality by adding optional bin dividers. Choose from 9 different sizes. Priced individually, **but sold in carton quantities only.**

220-PR2448

220-PFD1

Versatile platform truck features a fold-down handle for easy storage.

Ideal for transporting boxes and light equipment around office and warehouse. Plastic bumpers protect walls, furniture and doorways.

Width	Length	Capacity		
19"	29"	300	220-PFD1	\$67.29
22"	34"	500	220-PFD2	84.14

Easy to assemble 2 Shelf Industrial Service Cart

Heavy gauge steel makes our Economy Service Cart superior to most other bolt-together carts on the market. Trays are 3 3/8" deep. Top tray can be reversed to provide platform top. Includes two swivel (locking) and two rigid polypropylene casters. Durable gray powder coated finish.

Width	Length	Height	Capacity		
16"	30"	32"	400	220-CSK1630	\$79.33

These quality service carts are constructed of durable plastic for years of service.

Plastic carts won't rust and are less conductive than metal service carts making them ideal for use with electronic components. Carts come with two swivel and two rigid 5" rubber caster wheels. Assembles in minutes.

Cart capacity: 300 lbs.

Width	Length		
16"	30"	220-CSP1630	\$128.27
24"	36"	220-CSP2436	174.93

Organize your records neatly and efficiently.

Units can be ordered to accommodate either 15" deep or 24" deep archive boxes. Shelving units are priced with or without archive boxes. Features 3/4" particle board decking.

Made from our popular FastRak™ Bulk Shelving, these archive racks are built to hold even your heaviest archive boxes.

K34S-7218096WS

K35S-9648120WS

Featuring a newly designed heavier duty upright that can be disassembled for easier shipment as well as having the advantage of component replacement in case of damage. Each level will hold a full 1600 lbs. Units can be ordered to accommodate either 15" deep or 24" deep archive boxes and are priced with and without boxes. Single deep and double deep units available. Features 3/4" particle board decking.

Deep Archive Boxes

These rugged 200 lbs. corrugated boxes are ideal for storing documents. Boxes can accommodate either letter size or legal size records. Double walled panels and reinforced handles provide added strength and durability. Tight fitting lid adds rigidity and can be removed for easy access to records. Sold 12 boxes per bundle. Priced each. Color: White.

24" x 60"	63"	4	ZR2460A4-4	156.72

Chrome Plated Garment Rack Certified by NSF International

WCG3-1848-74

Use these attractive chrome plated garment racks to instantly create storage space. Units feature 3 shelves and a clothes hanger that can store and hang clothing of various sizes. Open wire design minimizes dust build-up and allows air circulation. Assembly is quick and easy without the need for any special tools. Our chrome wire shelving is certified by the National Sanitation Foundation. Customize the unit by adding additional shelves and accessories.

Knowledgeable customer service specialists are waiting to help you!

Whether you need expert technical support, have a general product question, or just need to place an order, our dedicated support staff is here to help. 1-800-BUY-RACK is committed to providing fast and friendly service that will give you the utmost confidence in every purchase.

To Place An Order

Want to speak to someone live? Do you have questions that need to be answered? Phone 1-800-BUY-RACK 8AM to 4PM, Monday through Friday. **800.289.7225**

Or shop easily and conveniently 24 hours a day, 7 days a week online at:

www.buyrack.com

Your Source for Warehouse Shelving, Equipment & Supplies!

- **Two distribution centers conveniently located across the United States**
- **Free Shipping for all orders over \$750 within contiguous U.S.**
- **Orders available for "Will Call" pickup at 2 facilities for even speedier service, 9AM to 4PM, Monday - Friday**
- **Call to order 8AM to 4PM, Monday - Friday or order online 24/7 at www.buyrack.com**

To Order - To place an order, simply call us at 1-800-289-7225 and our friendly, knowledgeable staff will be happy to assist you in selecting the exact product for your needs. Our entire catalog is also available to order online at www.buyrack.com.

Free Delivery - 1-800-BUY-RACK will pay the shipping charges within the contiguous U.S. for any order totaling \$750.00 or more before sales tax and freight charges. "Free Delivery" does not include special service charges such as Overnight Delivery, C.O.D. fees, liftgate delivery, inside delivery or residential delivery. Advance notification of delivery is available, but additional charges will apply. An additional charge may apply for limited access areas (please see our website for additional information on examples of limited access areas). *An order is a single item or multiple items being shipped to the same address.*

Lead Time - Most orders ship within 5-10 working days. If you have a special need for our product on a "rush" basis, please let us know. We will make every effort to accommodate these special circumstances. Subject to product availability.

Inside Delivery - Normal delivery is "tailgate" delivery. This means that the carrier is required to deliver the product to the tailgate

of the truck. You are responsible for offloading of the truck. Inside delivery is available for an additional charge. Please ask one of our representatives for details upon placing your order.

Guaranteed Lowest Prices - 1-800-BUY-RACK guarantees you the lowest overall cost. If you find the same item for less, please fax us a copy of your quote including any applicable delivery charges. We will beat the total cost by 5%.

"No Hassle" Return Policy - Your complete satisfaction is our number one priority. We are extremely confident that you will be completely satisfied with our products. However, if you are not satisfied with a product for any reason, please call us at 1-800-289-7225 within 30 days from receipt of your order to request a Return Goods Authorization number. We will help you make arrangements to have the product returned and provide a replacement, credit or refund. Special order items cannot be returned. The customer is responsible for return freight fees and applicable restocking fees.

Payment Options - We accept Visa, MasterCard, and American Express for payment. If you prefer to be billed on open account, and do not have an existing account

with our company, we will process your credit application in 7-10 working days. All open account terms are Net 30 Days. We also offer C.O.D. shipments on all orders with the exception of "common carrier" truck deliveries and FedEx Ground.

Damaged Items - We can not be responsible for items damaged or lost in shipment when they are shipped by UPS, FedEx Ground or common carrier freight lines. Please inspect all merchandise upon delivery and note any damage or shortage on the delivery receipt before signing. Any damage or shortage not reported at the time of delivery is the customer's responsibility. Orders that cannot be fully inspected at the time of delivery must be signed "Subject To Inspection". Open all cartons immediately whenever possible. If there is concealed damage, retain the carton and call a 1-800-BUY-RACK representative to request an inspection, initiate a freight claim and obtain replacement parts if necessary.

Prices - Subject to change without notice. 1-800-BUY-RACK is not responsible for any typographical errors.
